

SOMEDAY... is Right Now

About Us

Since 2000, SAMPSON OUTDOORS has been uniting everyday Sportsmen and Sportswomen with fishing and hunting trips of a lifetime.

So many of us dream of going fishing in Alaska, killing a monster Muley or a 400 class Bull Elk in Colorado, or a Cape Buffalo in Africa, but it's always just been a dream.

With today's rising costs, those adventures seem impossible.

Sampson Outdoors, is here to help you reach your dreams. We help you plan and provide affordable means to realizing your dreams.

Our motto is "*SOMEDAY... is Right Now!*"

Too many of us wait and never experience that trip of a lifetime with our friends and family members. It's not all about the catch or the kill, it's about building memories.

Our goal has and will continue to be to help our members realize their dreams, check off those bucket lists, without emptying their wallet to get there.

The Founder

Theodore (Tad) Sampson founded Club Hunt On / Club Fish On (Sampson Outdoors) in the year 2000 when he was acting as President/CEO of his estate & retirement planning corporation of 28 years.

At the same time, Tad was and is still employed, for nearly 25 years, as a Licensed Professional Civil Engineer for the State of California, Department of Transportation.

In 2018, Governor Brown of California awarded Tad the Medal of Valor; the highest honor bestowed by the State of California.

Medal of Valor recipients are employees of the State who have performed an extraordinary act of heroism far above and beyond the normal call of duty.

Tad graduated from California State University at Sacramento in 1993, with a BS Degree in Civil Engineering.

In his spare time, Tad volunteers his time as a youth football and baseball coach.

Tad has one son and one step-daughter.

Giving Back

Compared to other clubs, our club is unique because we give back.

It's not about profit.

Sampson Outdoors is committed to helping those that have given so much to this country and protected our families, but now suffer the results. We provide a portion of all profits back to the veterans who suffer from Post Traumatic Stress Disorder (PTSD).

We will provide hunting and fishing opportunities to the veterans by way of partnering with the non-profit organization, WildOps.

WILD OPS® is a veteran nonprofit organization dedicated to helping fellow combat veterans find support, hope & healing in the battle of transitioning back into civilian life, through faith based programs.

A percentage of the profits made by Sampson Outdoors will be shared with a non-profit organization known as WILD OPS®; an organization devoted to helping veterans with "Post Traumatic Stress Disorder", (PTSD).
